Gala Christmas Seen For Downtown L.G.

A bright and happy Christmas facade was seen for the business section of Lemon Grove the Merchants Division of the Chamber of Commerce announced this week.

Plans call for a genuine, properly dressed Santa Claus to be on hand to hear the little ones tell of Christmas visions. He'll pass out goodies to all those he talks to. What's more, his arrival will be heralded by the fire department who will escort him to town with a fire truck.

Santa will make his headquarters in a playhouse on Lemon Grove's plaza. Business firms taking part in the event will take names and addresses of all good boys and girls and Santa, himself, will choose one

of the youngsters to get the playhouse on Christmas eve. Local school bands, complete with pom-pom girls will parade the downtown area during the pre-holiday afternoon and early evenings.

The merchants will sponsor a residential Christmas decorating contest with merchandise awards going to the family having the "most Christmasy" home decorations. A panel of judges will be announced later.

The group is also getting ready to string lights along the town's main streets. These lights, to be Christmas tree type installations, will go on right after Thanksgiving.

To add to the religious aspects of the holiday, various churches will be invited to have caroleers sing.

Members Favor Incorporation As C of C Poll Deadline Nears

One hundred and sixty eight voters have responded so far to the Lemon Grove chamber of commerce's poll on incorporation, Edwin Koester, chamber manager said Wednesday.

Of the total, 102 voted in favor of incorporation and 64 were opposed to it. The deadline for voting is Friday afternoon.

Percentage-wise the vote stands 61 per cent against 39 per cent.

The directors of the chamber board instructed Koester to send out postage-paid ballots to chamber members, business heads and civic leaders after a long period of deficit financing of the chamber.

The board, under the presidency of Realestateman Charles Hesser, decided it would take local government with taxing authority to do for the community what the chamber, and other representative groups, were unable to do for itself.

Presumably, the chamber will mount an election on incorporation if the results of the poll should indicate it.

EARLY GOBLINS — It's the early goblin that gets the biggest bag of "treats" and here are three assorted ones who elected last week to be a harbinger of "tricks" to come Halloween Night, Tuesday. Carnivals at the elementary school grounds will sap off most of the energy of youthful revelers but the house-to-house and store-to-store visits are happily practiced, too. In the photo above is Lauren Kuentzel, proprietor of Don Diego Markets in Lemon Grove, distributing Halloween goodies to three local youngsters. Hidden behind masks are Lisa Goodwin and Janice Harter and their Indian friend Jennifer Jones. Kuentzel, anticipating the goblin raids, has prepared an old-fashioned candy counter that was popular a generation ago. Candy bars, lollipops, jelly beans and the like will be distributed to all youngsters in costume Monday and Tuesday from 4 to 6 p.m. Don Diego is at Broadway and Olive streets.

Bandit Beats S.V. Liquor Store Owner

A Spring Valley liquor store owner was beaten about the head with a sawed-off shotgun Tuesday by a bandit who became incensed because he had only \$100, deputy sheriff's men said.

The bandit then evaded a police road block and escaped after leaving his victim on the floor, bleeding from head wounds.

The victim, Mrs. Celeste Smith, 38, owner of the Casa de Oro liquor store at 9727 Campo rd., was taken to Grossmont hospital with several deep cuts in her head and possible concussion.

She was beaten unconscious by a well-dressed bandit who concealed his weapon with a jacket when he walked into the store about 2 p.m. Monday.

He ordered Mrs. Smith to put the money in a sack and became angry when she produced only a few bills. When she was unable to produce more he ordered her into the back room of the store and told her to lie down. Before she could obey, he began striking her over the head with the gun which detectives believe to have been a sawed-off shotgun. She collapsed and he left.

Hunting Accident Kills L.G. Banker

A Lemon Grove man was shot accidentally and killed by his brother while on a deer-hunting vacation in Colorado Monday.

The man, Lyle J. McDonald, 44, of 7275 Waite dr., died Monday afternoon in a forest near Pegosa Springs, Colorado. He was assistant cashier at the Bank of America on National ave., in San Diego.

McDonald was vacationing with his brother, Dean F. McDonald, a civilian employee at the Naval Air Station, and his sister-in-law, Mrs. Jean McDonald.

The coroner of Archuleta County, where McDonald was shot, reported that testimony indicated that the McDonald brothers and Mrs. McDonald had surrounded and wounded a deer in the heavy woods.

Dean McDonald located his wife and assumed his brother to be far off in the distance. He fired a .300 calibre deer rifle at what he thought to be the wounded deer when he heard a thrashing about in the brush.

The shot penetrated the upper right arm of Lyle McDonald and lodged in the lower abdomen. He died at the scene.

The coroner's jury listed his death as accidental. Lyle McDonald came to San Diego in 1937. He was with the Bank of America 16 years.

LG Shopping Center To Reopen

The Lemon Grove Shopping Center at 3308 Main st. will have a familiar face there when it reopens soon.

The familiar face is that of Paul Hendrick, long time operator of the Center. He relinquished his control last November and has been traveling on the east coast.

The store is being restocked and brightened up and will reopen with considerable fanfare, Hendrick said.

Supervisors To Call Hearing On Lights Via Improvement Act

SAN DIEGO (CNS)—Plans for getting lights in the downtown business area of Lemon Grove were set on the right track Tuesday by the County Board of Supervisors, after a year of effort by local property owners to get the project underway.

Supervisors approved a start on formation of a 1911 improvement act district to finance installation of the lights, to be located on Broadway from Olive street to Grove st.

The delay in getting action, Jean L. Vincenz, county public works director, told the Board was due to the San Diego Gas and Electric Co. giving the lighting proponents the wrong kind of petitions to be filled out.

The backers for the lights circulated petitions for formation of a lighting district, but the action the Supervisors took Tuesday was to disregard that petition and accept the recommendation of the Lemon Grove Chamber of Commerce that steps be taken to form a 1911 improvement act district.

But there was a long discussion among Board members before they decided to do anything.

"There's nothing to stop us from doing what these people want, is there?" Board Chairman David W. Bird asked, to start the hassle.

"Nothing but the law," answered Bertram McLees Jr., assistant county counsel. "These people filed a petition asking you to start formation of a lighting district, and the law says you must proceed."

Under Bird's questioning, McLees admitted the Board could start the 1911 act proceedings and put off action on the lighting district.

These people have been trying for a year to get lights," said Bird. "I don't see how we can hold them up just because their petitions have the wrong heading."

"Presumably the people read the petitions they signed," answered McLees. "But the people who signed the petition are now saying they don't want a

lighting district," put in Vincenz.

"It's the chamber of commerce saying that, not the petitioners," declared McLees.

Bird proposed that steps be taken to start the 1911 improvement district proceedings. He said that the attitude of people toward the lighting district could be determined at the hearing on the improvement district.

The Board went along with Bird's proposal, but McLees insisted that the Board had no legal right to ignore the petitions for forming the lighting district. "You can hold back, which would be extra-legal, but you cannot ignore their request."

The petitions for the district have been plagued by trouble, ever since the lighting district proposal was started.

First signatures were insufficient, and later it was reported the formation of a district might require an election in an area where there are no registered voters.

The 1911 act improvement district can be formed through the backing of property owners, not by voters, and the Board was told that the lights have the support of practically all the Broadway property owners, who are even agreeing to put the lights on their own property, instead of in the county right of way.

A hearing on formation of the proposed 1911 act improvement district will be advertised, to give those for and against the lights a chance to be heard. If the lights are put in, Supervisors will then consider formation of a lighting improvement district to finance their maintenance.

Autoists Booked On Drugs, Drinking Charges In Separate Arrests

FILLS FOUND IN CAR BRINGS DRIVER'S ARREST

Sheriff's deputies found several amphetamine pills on the floor of the car being occupied by Frank Funston Lowe, 28, of San Diego after they found him sleeping in it at Washington and Vernier dr., Lemon Grove last Tuesday. He said he was sleeping there because of a quarrel with his girl friend.

He told deputy Lawrence Narro that he was on probation with Federal authorities for a similar offense. His car was impounded at the L.G. substation and Lowe was booked at county jail for possessing dangerous drugs.

BLOCKS CAMPO, GETS JUGGED

James Vernard Frederick of 4811 Lantana, S.D. obstructed traffic for more than a half hour Saturday at the corner of Rogers and Campo rds., S.V. Sheriff's deputies responded to motorists' complaints that an intoxicated driver was creating the difficulty.

More than 50 cars were blocked and a citizen was attempting to push Frederick's car out of the traffic lane with Frederick still occupying the driver's seat.

Frederick became profane and accused the officers of attempting to rob him. He could not pass a sobriety test.

A shotgun and a rifle were found on the rear seat of his car. He became belligerent and

tried to interfere when his car was being impounded. He was put under restraint, taken to county jail for booking on three counts including drunkenness, interfering with traffic, and failure to register his auto. GETS 'NO FUNDS' CHECK.

Bob Kerrigan, 2885 Imperial ave., Lemon Grove, owner of the Neighborhood Liquor Store, told the sheriff's department that a man signing Joshua J. Morris, issued a no good check for \$10. Sheriff's records show that this man has a record for issuing bad checks.

Steven Quero was arrested in the 3400 block of main st. in Lemon Grove last Tuesday on complaint of the merchants of the area that he was annoying their customers. Quero was apprehended by the sheriff's unit responding to the complaint, and admitted he was drunk all the time. He was taken to the county jail as he could not pass a sobriety test.

Cats will really have their own way during the week of Nov. 5-11, the American Feline Society's National Cat Week. Local residents should observe cat week by giving their pets fresh, raw meat and feeding stray cats that have been kicked from their doorsteps previously. Furthermore, unwanted kittens should be taken to the humane society or given away rather than drowned and buried. It's okay to be nice to dogs during cat week.

Speaking of early preparations for a special day, many of the schools and PTAs have been planning this year's Halloween events for weeks and weeks, and the occasion tends to be one of the big times of the year. Perhaps the most unique Halloween idea is that being done at Rancho Elementary School.

Some time ago the Halloween planners there sent off request letters to celebrities, asking for contributions to the parcel post booth to be at their carnival. Art Linkletter and Pat Boone are among big names who've contributed.

This column didn't know last week that tumbleweeds are called "Russian Thistle." That's all the more reason they've got to go.

On Thursday morning of last week the kids at Grossmont College made a grave with a headstone announcing the "birth" and "death" of their college. This "campus-wide" stunt was in reaction to the failure of the college bonds to pass in the recent election.

The site of the grave was near the student activities building, and right next to it student leaders took turns taking their classmates' signatures on a petition.

Students of the new college made the grave a kind of center of activity. The kids felt lucky that their professors gave some attention to their stunt. And they hoped that their little petition might do some good toward helping the college.

Then it happened. When Thursday was yet young, the press descended upon the college and on the little grave as if it were sacred. Photographers and reporters talked to students, asked them to pose by the grave.

A TV cameraman said: Okay, let's make a production out of this. And that night that station's viewers all over San Diego County saw a mourning procession of students wending by the grave and gently dropping flowers on it.

The "campus-wide" stunt gained further attention in newspapers.

Thus press coverage gave new stature to a new college that hasn't even got a campus to call its own. But who can deny that the college has plenty of school spirit?

Press Camera Catches Leaping Dog At 1/200th

At command of 18-year-old Sharon Donnelly of Spring Valley, her dog Yo-Yo jumps through her arms and this paper's camera catches the dog in mid-air at 1/200th of a second exposure time.

Sharon is the daughter of Mr. and Mrs. George M. Donnelly of 2441 Central ave. Yo-Yo, officially registered in dogdom as George's Valentine, C. D. recently got 197 1/2 points out of a possible 200 in a Del Mar sanction match. This won the dog first place. At the same show, Yo-Yo's daughter, Maggie, received a trophy as Best Opposite Sex Toy Poodle.

A freshman at San Diego State College where she is majoring in mathematics, Sharon acquired her dog about a year ago after selling a Shetland pony she'd outgrown. Yo-Yo is a toy poodle and this summer gave birth to a litter of puppies. Sharon has purchased school texts, paid her tuition and auto expenses through sale of some of the puppies.

The C. D. behind Yo-Yo's official title is a distinction won through passing of obedience trials. It stands for Companion Dog.

Student Leaders Of High Schools Holding Annual Conference Today

W. F. Ramsey, Mount Miguel's ASB advisor, said that "The purposes of the conference are to discuss problems common to all schools and possible solutions, to share promotional ideas on sales, and to share organizational ideas on clubs and school activities."

Invitations were sent to Mr. Lewis Smith, superintendent of the Grossmont school district, board of education, principals of each school, ASB advisors, ASB commissioners and officers, senior class presidents, song and cheer leaders, Girls' League presidents and Boys' Federation representatives.

New Policy, New Dress For Michael's Cafe

More refurbishing and switching of personnel is being undertaken this week by Michael's Cafe, 7828 Broadway, Lemon Grove.

The main dining room will get new tables and chairs, with the accent on comfort on the latter.

Jack Cruse, well-known in area good-food circles has been named general manager.

Cruse, long popular with local service clubs, will also supervise the restaurant's kitchens.

Cruse said he would institute a new menu immediately. "There will be a full menu with a wide variety of choices with a price tag starting at \$1.95 for a full dinner. We want to attract local families," he declared.

Cruse added that he and Michael's proprietor William Jolly, are auditioning dance troupes so that dancing could be started soon after the first of the month.

Plans at present are to provide dancing five nights a week.

Area Boys Join Army

Two area boys have enlisted in the U. S. Army under the new "choose it yourself" program. They are Wayne Beach Osborne, son of Mr. and Mrs. Wilbur Hyde of 540 Carlsbad ave., Spring Valley, and Henry Frank Delongh, son of Daniel W. Delongh, 7680 Lemon ave., Lemon Grove.

Osborne, who attended Reseda High School was employed at Thriftmart in Spring Valley before enlisting in airborne training. Delongh had arrived in this country recently from Holland, where his mother is living, and enlisted in the army under "assignment Europe."

The army's new guaranteed "choose it yourself" program enables qualified young men and women to choose vocational training or technical schooling in the fields of automotive maintenance, construction, electronics, administration, finance, data processing, medical, military police, radio, telephone, photography, chemical, army aviation, overseas assignment, army security agency, airborne and missile bases.

All choices are guaranteed before enlistment. This assures the young man or woman that they can make positive progress toward their goal of achieving a secure future.

According to MSgt. E. R. Edwards, station commander of the La Mesa recruiting station, limited vacancies for October and November are still available. For more information about the army's guaranteed program contact MSgt. Meiss or MSgt. Edwards at 8101 La Mesa Blvd., La Mesa, or phone HO 3-3114.

Brandnew Carpeting Creates Embarrassing, Smoking Moments

The Leon Andersons of 1964 Ensenada st. installed wall-to-wall carpeting last week and settled back to enjoy it. That is, until Mrs. Anderson lit the heater when the colder weather arrived.

The living room filled with smoke and the Lemon Grove fire department was summoned. They discovered that a piece of the carpeting had gotten into the heater.

Mr. Anderson, it so happened, couldn't be reached when the incident occurred at 3:32 a.m. on Oct. 19. Firemen were amused at this because Anderson is a fireman with the local department.

The LG fire department was summoned to the home of W. C. Thorley of 1653 Watwood rd. at 9:31 a.m. on Oct. 24 when his gas heater wouldn't shut off and blew a valve. Firemen shut off both the gas and the water to the heater. No damage was done.

Oct. 19 brought firemen to the Imperial Frozen Foods Lecker at 8321 Broadway at 5:47 p.m. when an electric short ignited an inflammable cement surface. No damage was reported.

When the car of Gussie Anderson of National City overturned a little after 7 a.m. on Oct. 18 at the Grove street off-ramp from Freeway 94, firemen rushed to the scene to prevent leaking gas from the car from catching fire. Anderson wasn't reported injured.

Letters TO THE EDITOR

Dear Editor:

I guess I know how the lady felt who wrote the recent article on recreation centers—at least I can't keep still any longer either.

I am in complete agreement with her feelings that youth need a chance to prove themselves. We have been too negative in our criticisms of teens. I agree that we should give them a chance to do something worthwhile for their community. (as you will note later).

I agree that parents should wake up and do something! But what I believe they should do is wake up and become parents, and not baby-sitters! Here is where we are failing. Not in our failure to provide every avenue of recreation (which means, incidentally, recreation).

May I quote the answer a friend of mine gave to a group of youth who had come to him complaining: "What can we do? Where can we go?" His answer:

"Go home! Hang the storm windows (this was back East), paint the woodwork. Rake the leaves, mow the lawn, shovel the walk. Wash the car, scrub some floors. Help the minister, rabbi or priest, the Red Cross, the Salvation Army. Visit the sick, the poor. Study your lessons. And when you're through, if you're not too tired, read a book."

Your parents do not owe you entertainment. Your city does not owe you a recreation center. The world doesn't owe you a living. You owe your time and energy and your talent so that no one will be at war or in poverty or sick or lonely again.

You're supposed to be mature enough to accept some of the responsibilities your parents have carried for years. They have nursed, protected, excused and tolerated you. They have denied themselves comforts so that you could have luxuries. That they have done gladly, for you are their greatest treasure. In heaven's name, grow up and go home!

Every coin has two sides. This is the other side.

Respectfully,

Richard G. Davis

be a step to surrender although at the time it will not appear to be decisive. Eventually our will to resist will be destroyed.

"It is not the Communists who are destroying America. America is being destroyed by citizens who will not listen, are not informed, and will not think. The uninformed are easily misinformed. Americans are misinformed today to an extent that is unbelievable."

These are pretty sound approaches to the picture of Communism. We are not so sure of his approach on the American occupational make-up of Communism.

Koch reports that Herbert Philbrick, the double spy, came to know 75 persons in the Communist underground around Cambridge and Boston, all individuals of seeming respectability. Koch lists the occupations of these 75 as follows:

- 8 ministers of the gospel
- 12 businessmen
- 4 publishers
- 5 doctors
- 8 lawyers
- 8 public school teachers
- 30 college professors.

This is a frightening condition, if it is true. If Communist penetration is as deep as this, it appears that a democratic - type election is all the Commys need to become the 51st state.

Withholdup Campaign Continues

Recently, the state of Missouri asked newspapers in the state to support a proposed state withholding tax.

Editor Kelsey Short of the NEWS - DISPATCH of North Kansas City reacted immediately. . . but the reaction was not a favorable response for the Missouri governor's solicitation of the editor's support for state fiscal sleight-of-hand.

Editor Short responded:

"To our way of thinking, withholding at any governmental level suggests legalized pocketpicking. It's morally wrong; and with such a sorry example of today's adult standards before them, we're surprised juveniles aren't more delinquent than they are."

"The revolving propaganda being distributed by tax-supported payrollers indicates that withholding probably will spread all right. . .

"It is efficient, for sure. So was Jesse James."

"If the state payrollers want to dip into the citizens' earnings before they even get them, we certainly will acquiesce, just as will workers in Kansas City when their pockets are additionally plucked by payrollers via an earnings tax there."

"But it doesn't change our belief that if the alleged 'benefits' and so-called 'services' to be financed were half so 'essential' to the average citizen as to the professional beneficiaries, the average citizen could be readily persuaded to pay his share without the sticky-finger approach."

"Nor is it going to convince us that collection efficiency makes a blackjack morally right."

Destruction At The Tail Gate

Insurance firms are becoming increasingly concerned about rear-end collisions on our freeways.

Insurance experts point out that a whole generation of auto drivers conditioned to defend against risks from right or left and from directly ahead still seem unaware that under new freeway conditions, rear-end accidents have become number 1 in traffic crash causes.

This also makes rear-end crashes number 1 in traffic crash claims, the insurance firms revealed.

Limited access highways and freeways have reduced certain types of driving hazards but apparently, nothing short of driver alertness can reduce these because drivers often relax knowing they are protected from cross-over and head-on traffic.

Safety engineers say that reaction time of an alert motorist is about three-fourths of a second. At 60 miles an hour on a freeway the car travels 66 feet, about four car lengths in the three-fourths of a second it takes the driver to get his foot from the floor to the brake. They warn that unless the driver allows a car's length for every 10 miles an hour of speed, he'll have death and destruction riding his front bumper.

Based on statistics from the Institute of Traffic Engineers, rear-end accidents accounted for about half of all freeway accidents in Los Angeles last year.

Additionally, rear-end accidents are increasing four times as fast as the total number of accidents.

The sensible driver gives himself plenty of stopping space between his vehicle and the car ahead.

Dear Editor:

Recently I wrote to another newspaper complaining of misspelled signs in super markets, stores, etc. I listed the most glaring and commonest ones, and those that had been up the longest.

It was published, most of it, but the words omitted.

Afterwards I thought that I should have written you in the first place since the signs are in this area. It makes us appear uneducated.

One market which opened about a year ago still has DEODERENTS in big letters. Newer stores have "pickle and nickel reversed as pickle and nickel." I don't pay any attention to weekly signs for they are quickly removed, but permanent signs should be correct.

Even if the stores involved don't care about the mistake of having people know their sign makers are uneducated, it is most annoying to hear your children say, "But you're wrong. Mother, the supermarket spells it (and then they spell the word which ever it is).

(Mrs. G. G.) Candy Walker 1632 Watwood Rd., L.G.

P. S. Yes, I'm the same pest who complained about the sign in the Little League Field two years ago.

Planners Turn Down Grove Filling Station Face-Lifting Project

SAN DIEGO (CNS)—A zoning variance asked as part of a \$50,000-rehabilitation job on a Lemon Grove service station was turned down Friday by the County Planning Commission.

Wilshire Oil Co. applied for permission to put a canopy over its pump islands 28 feet from the center line of Buena Vista avenue, instead of the required 40 feet, and 72 feet, instead of 75 feet, from the center line of Broadway.

Lee Norton, representing the oil company, told the commission that the islands are not to be moved, and that the canopy is needed as requested for aesthetic reasons. He said a two-pump canopy over a three-ramp island was opposed by owners of adjacent land when it was tried.

Commissioner C. J. Martin suggested that the pumps be moved, but Norton declared this would lessen the sales potential of the pump nearest the street.

SCHOLARSHIP CLUB AT MIGUEL HAS SERVICE AS GOAL

Its motto, "Scholarship for Service," spells out one of the objectives of Mount Miguel's California Scholarship Club. While membership changes from semester to semester, its purpose does not: To foster a higher standard of scholarship and broader ideals of service on the part of students.

Since this is an honorary society, membership is earned on the basis of points awarded for scholarship, plus worthwhile activity participation. A student must be carrying at least 3 prepared subjects and must earn at least 10 points, one of which may be won for extra-curricular activities. While physical education grades do not count towards the 10 points, failure in this course (or any other) automatically bars one from membership.

'Dynamite' Seen In Road Policy Committee Report

SAN DIEGO (CNS)—A report from a committee studying county road policy, reportedly as full of dynamite as the report of the group that a year ago worked on the controversial "split lot" ordinance, has the County Board of Supervisors in a quandary.

Robert G. Berrey, deputy county counsel, who worked with the road policy committee, asked the Board if it wanted several hundred copies of the committee report printed, so all who were interested could get one.

Berrey, who also worked on the "split lot" report, pointed out that that report was filed with Supervisors, without extra copies. He reported that there was then a great demand for it and more copies had to be prepared.

"But this isn't as controversial as the split lot ordinance," said Supervisor Robert C. Dent. "Just wait until you read it," answered Board Chairman David W. Bird. "I'm sure the Board won't go for all the things they're recommending."

The controversial items reportedly involve how far the committee thinks the county should go on road improvement projects. It believes that the present cooperation is far too small.

The report, the result of about 30 afternoons of work in the last year and a half, appeared to Supervisors Tuesday just a little too hot to handle. They decided not to have any extra copies printed, until they could see whether or not to hold a hearing on the committee's proposals.

Games, Bazaars, Movies To Make Exciting Evening

Witches and goblins and ghosts and clowns will infiltrate the area on the evening of Oct. 31 when Halloween comes. Games will be plentiful and there will be lots of prizes for both winners and losers. One feature will be a fish bowl game in which the winner receives a live goldfish. On the menu are hot dogs, sloppy Joe hamburgers, pizza, salad, baked beans, pie, coffee, punch, snowcones and popcorn. he took his sister, 11 years old, with him on his raids. They would give the things to their mother and tell her of finding them in different locations. The matter was referred to the County Probation Dept. and the boy released to his mother.

WASHROOM ANTICS

Mrs. Gladys K. Woessner, owner of the Economy Wash, 7272 Broadway, was convinced there are some people who enjoy making a mess of things after she viewed her place of business Oct. 19. She reported to the sheriff's department that when she arrived that morning she found someone had poured Coke on the floor; removed a sign of warning regarding child dren; took cards from the bulletin board, and turned back the clock. This is the second time malicious mischief has been practiced at her place of business, says Mrs. Woessner. Someone on Oct. 10 having crawled over the drying machine into the boiler room and shut the electricity off for the whole establishment. She has not reported this incident.

FIRE AT MATTRESS FIRM

A fire in a couch outside the business house of Thornton Mattress Co., 7817 Imperial ave., Lemon Grove, was reported at 8:30 p.m. last Saturday to the sheriff's department. Two boys, James Boyd, 14, an Allen Lange, 16, of Lemon Grove, told the sheriff's unit they had seen the couch smoldering.

BIKE STOLEN

Mrs. Susan B. Fritz, 3307 Helix dr., Spring Valley, reported her son's bicycle taken from the garage of their home, a 20-inch Dayton, red with white and red striped seat and white hand grips, 3 speeds and hand brakes, valued at \$48. Entrance was gained by climbing over the fence in the back yard.

BIKE FOUND

Earl R. Lent, 1145 Sweetwater rd., Spring Valley, reported finding a 26-inch boy's English racer bicycle, red frame chrome fenders, red and white saddle white tool bag. It was either abandoned or lost on his front lawn he told the sheriff's department.

INTRUDER TAKES WATCH

Mrs. Lois Gertrude Kempe, 3244 Par dr., Brookside, reported to the sheriff's department that her unlocked home was entered and cigarettes and a man's watch worth \$14 were taken by an unknown teenage boy. Witnesses stated that they had observed a boy going into the house through the garage. Mrs. Mansfield, a housewife in the neighborhood, observed the boy before he entered the house and saw him come out of it and walk away with a paper bag in his hand.

AUTO MOVED DURING DINNER

An automobile belonging to the San Diego Auto Lease Co. of San Diego, and driven by James Vroman Dorman, 6781 Hibiscus, Lemon Grove, was derailed away from the parking area in front of Harvey's Caf about 9:30 p.m. Oct. 20. It was found the next morning at 5 a.m. peacefully resting on the lawn of the residence at the southwest corner of Golden avenue and Kempf street, Lemon Grove. No suspects were found by the sheriff's department.

BREAKS WINDSHIELD

A shot from a "bb" gun is responsible for a broken windshield on the car of Grier K. Phillips of 9567 Upland pl. S.V. the sheriff's department said.

The incident occurred on Campo rd. in the late afternoon one day last week.

GROUND ZERO

Pat Eugene Sprenger, 17, of 2456 Massachusetts and Gordon Lee Smith, 14, of 7578 San Miguel, both of Lemon Grove, were released to their parents after being charged with "bombing" autos with balloons filled with water.

Winston E. Carter of 8860 St. George st., Spring Valley, told sheriff's deputies that a blue balloon was heaved through the open window of his car on Sweetwater rd. It hit him in the face, splattering water over the interior of the car.

Description of the car fit a suspect the sheriff's men knew about—Sprenger. En route to Sprenger's residence they were flagged by William L. Crawley, of 3581½ Ray st., S.D. who reported that the window of his car had been broken minutes before by a hurled object. Officers found a broken red balloon where the incident occurred.

Sprenger beat the officers home by about 10 minutes, first denied, then admitted the balloon-water throwing caper. Parents of the young bombardiers agreed to make restitution for the damage.

WHEEL REMOVED

Jess Acuna Martinez, 650 Kempton st., Spring Valley, reported to the sheriff's office the theft of a wheel, tire and tube from his '57 Dodge parked in front of his residence.

The thief jacked up the car and blocked-up the left front wheel with a concrete block. Cost of tire and wheel \$34.50.

Around Our Valley:

News and Views from Spring Valley

By Tommy Thomas

RUSSIAN THISTLE HAS GOT TO GO

Well, I'm overjoyed to hear that someone else besides yours truly has taken up the hue and cry about Russian Thistle (tumble weeds) overrunning Our Valley. I saw where they are claiming the pests are fire hazards and that something is going to be done about the

problem. It's about time I've been knocking myself out writing about the pesky weeds for many moons and no one seemed to pay too much attention to my plea.

So now, maybe we can all band together, take our little hoses, start out some morning and whack, whack, whack and away go the pesky Russian

EYE DOCTOR HAS GOOD EYE

I've seen some good golfers from Around Our Valley; but I guess it takes someone with good eyes to make a "hole-in-one" . . . an optometrist, for example.

Sure enough, our local eye specialist Dr. Russell Love, out Casa de Oro way, was as surprised as were his three co-players in a foursome at Coronado Links on Oct. 11, when Doc saw his ball "fly through the air with the greatest of ease" and ker-plop, right into the cup. It was a six-iron that

did the honors in the 145-yard shot.

The other three in Dr. Love's foursome were Dr. Robert Monaghan, S. V. dentist; Dr. Gerald Easton, Coronado optometrist; and Larry Nelson of Spring Valley. Incidentally, Dr. Love has been golfing for about 25 years, this being his first hole-in-one. Nice goin', Doc.

HARK! HERE COMES THE SV PARADE

Are you folks all set for the big Spring Valley parade? Only a little over a week until you'll hear the bands playing, horses, marchers and floats coming up Elkton boulevard and a big crowd along the way to cheer

and applaud their favorites. And say, don't forget the pancake breakfast that precedes the parade. Plenty to eat at the Mt. Miguel High School cafeteria; 6:30 to 9:30 a.m., the 4th of November. Let's all turn out and boost Spring Valley.

MARRS ARE A PRIZE FAMILY

Congratulations are also in order for Jerry Marr, son of Mr. and Mrs. Charles Marr of 8667 Golf dr., S.V. Jerry recently won a fishing rod and reel in a contest sponsored by a hair tonic company. Seems the Marr family is everlastingly winning some sort of prize. Mrs. Marr is the leading prize winner in the Marr family. She has won a car and other good sized prizes in the past few months.

I see where one of our local boys, who is in the Army, Stephen Fields, son of Mr. and Mrs. Norman Fields of Vista drive, is in France. Why not drop him a line. His address: PFC Stephen R. Fields, RA 19674087, H/S Co., 83 EN. Bn., APO 259, New York, N.Y.

Grossmont Students 'Mourn' Failure Of College Bonds

COLLEGE TOMBSTONE — On the grave headstone in this picture are these words — Here lies Grossmont College, born Sept. 11, 1961, died Oct. 10, 1961 at the hands of a disinterested, apathetic public. Created as a reaction to failure of the Grossmont College bonds to pass in the recent school election, the grave was made on Thursday morning of last week, and drew much outside attention. Students in picture mourn failure of election and sign a

petition which they presented to the college's board of trustees on Monday night of this week. A committee of four students addressed the board. They were Tommy Johnson, Santee, Lenita Maljan, Grossmont, James Richardson, Lemon Grove, and Allayne Forsberg, El Cajon. Student leaders reported that they would petition the surrounding community. THERE ARE BELLS AND BELLS

Wedding bells didn't break up that old gang of ours, but cash register bells have a somewhat stronger ring.

It seems there's a plot afoot to break up the Spring Valley Chamber of Commerce. By whom? Some of the 'old guard' have decided that since they're no longer in the upper echelon, there's no further reason for its existence. How? They've been pressuring those who have been members for a long period of time with the idea

that they can split the 'profits' according to the number of years they've been members. They plan to make a social club out of the Chamber hall and grounds. Of course, the fact that the Chamber of Commerce by-laws stipulate that if the chamber should at any time disband, property shall be turned over to a non-profit, charitable organization doesn't effect them. The fact that the Chamber of Commerce has started to move forward, take stands on issues as they come up and are getting new members because of this doesn't interest them.

SCREEN CUT

An "L" shaped cut was made in the screen on the garage window of John Anthony Neenan's home at 3701 El Canto Jr., Spring Valley last week. Neenan told sheriff's deputies that someone had also cut off 15 feet of a 50-foot hose lying on the walk in front of the garage and carried it away.

Neenan is the owner of Kusum Kitchens on Broadway in Lemon Grove.

PLYWOOD STOLEN

Building and construction material worth \$300 is reported as being taken during the past several weeks from the Bank of America job on Campo road. The report was made by Riha Construction Co. foreman William B. Getz who stated the materials were stacked at the site on the northeast corner of Campo highway and Conrad drive, Casa de Oro. He said that 30 sheets of plywood and 30 2x4s were taken.

PURSE TAKEN FROM CAR

Mrs. Sallie Colene Taber, 7260 Waite dr., Lemon Grove, a registered nurse, reported that someone entered her unlocked car parked in her driveway and extracted her purse and wallet containing \$80. The purse and wallet were recovered when Ezekiel Martinez of Lemon Grove County Road Station reported finding them in a road ditch near the station.

Mrs. Taber said \$30 was missing, but that \$50 had been overlooked.

BIKE STOLEN

Gregory Brian Ford, 3418 Trophy dr., Brookside, reported that his bicycle had been taken from the parking area of Mt. Miguel High School Oct. 18 while he was attending class.

It is a 26-inch J. C. Higgins racer, black with hand brake and front tire wider than the rear one.

By the way, the Spring Valley Chamber of Commerce is open to anyone owning property in Spring Valley. It costs six dollars a year per family. The meetings are held on the last Monday of each month at the Chamber hall. Those of you who want traffic lights, better police protection, adequate library facilities, this is the place to come. The voice of the people can only be heard when there are enough voices working in unison.

LL HALLOWEEN DANCE PLANNED

The Spring Valley Little League will hold a Halloween dance Friday night, Oct. 27 from 9 p.m. to 1 a.m. at the 202 Club on Chambers street in El Cajon. All are welcome in costume or street attire. There will be no charge at the door, but donations will be accepted (and hoped for) during the evening, the proceeds going to the Little League for equipment and other necessities. The band strikes up at 9, so come early and stay late.

PONY LEAGUE CAKE SALE

The Women's Auxiliary of the Spring Valley Pony League will hold their cake sale Saturday, Oct. 28 in the parking lot in front of Thriftmart, Elkton and Jamacha blvds.

SV WELFARE ELECTS OFFICERS

The following were elected to office in the Spring Valley Community Welfare Inc., for the coming year: president, Margaret Isles; first vice president, Thelma Puterbaugh; second vice president, Doris Arnold; third vice president, Mary

Clark; fourth vice president, Mary Skinner; fifth vice president, Dovie Lambert; recording secretary, Harriet Allen; corresponding secretary, Mary Aberbrook; treasurer, Virginia Bizzell; parliamentarian, Florence Baird; Jr. past president, Thelma Lewis.

THE BRIGHTER SIDE

Anyone who thinks that everyone is out for what they can get, talk to those working on the Avondale PTA Halloween Carnival. We've had more donations of lumber, and gifts from business people and private individuals who expect nothing in return.

Quality Of Grossmont District Shown By Student Performance

Assistant Supt. John T. Warburton in a recent talk given to the La Mesa Rotary Club emphasized recent evidences of quality instruction in the Grossmont District. Grossmont High School students participating in the National Merit examination scored among the top 1 per cent in the nation. Nineteen students have reached the semi-finals in the National Merit Testing Program.

On the University of California subject "A" examination, 15 of 30 District seniors last year qualified for regular placement in the freshman class at the University of California. This 50 per cent thus qualified in comparison to the California average of 20 per cent. These were all of the students that took this particular examination.

The Grossmont Union High School District in its newly revised physical science study program has just received results on the test given by the educational testing service. These results show that Grossmont District students scored above the average for both California and for New York. The students included in the sample were selected from only the very finest high schools in those two states.

Carman Ranch Dinner To Fete Biggest Year

The annual Carman Ranch Swimming Association Awards dinner honoring the swim team will be held Sunday, Oct. 29 at 1:30 p.m. Sixty-five swimmers will receive awards. A turnout of 200 is expected.

This has been the most successful year the Carman Ranch swimmers have had in their 5-year history. The team finished near the top in team points in almost every meet, often against teams more than three times the size. The team competed in 18 AAU swim meets and two Rough Water Ocean Swims.

The Synchronized Swimmers competed in four AAU meets and the entire team presented water shows at the La Jolla Country Club, North Park Kiwanis at the Town and Country Hotel, Del Cerro Community Pool, and Carman Ranch.

The team amassed over 171 individual awards and medals, with David Dawson tops with 33 medals, Philip Harter, 23 and Brenda Holmberg with 15.

The outstanding Swimmer Awards will go to Brenda Holmberg, girls for the fourth consecutive year. Brenda has held a National record and several PSA AAU records in the breaststroke. Peggy Lubic took second place honors.

For the boys, it was David Dawson for the second consecutive year. David held several PSA AAU records in the breaststroke, and has won awards in three strokes. Philip Harter and David Such were very close all year.

In Synchronized Swimming it was Paulette Horner, followed closely by Linda Holland and Beth Ann Kraft. These girls took awards in every meet.

Dr. Charles William Brown Collapses, Dies At Work

Dr. Brown lived on Massachusetts ave. on the property now known as Monte Vista lodge. Recently, he and Mrs. Brown moved to San Diego near where he maintained medical offices. He practiced in SD for 50 years.

Dr. Brown became ill during the performance of a tonsillectomy at Mercy and left the operating room for a few minutes. He soon returned, collapsed the operation and collapsed. Miguel Matadors Beat 20-12 By El Cajon High

by Bill Ott

Coach Harry Johnston's Mt. Miguel Matador grid charges continued to furnish strong opposition, but again failed to register a triumph after dropping a 20-12 decision to El Cajon last Friday night. The Grossmont District League encounter was played at Cajon Speedway.

Don Hamilton was the "big gun" for the fighting Braves, scoring two of the three El Cajon touchdowns on runs of 4 and 3 yards. Russ Ecker scored the third tally on a 2 yard run and also scored both of the Braves PAT's on runs.

Fullback Bill Stults scored first for the Matadors in the second quarter on an 8 yard dash. The PAT failed and El Cajon went into the halftime intermission holding a 13-6 advantage. The Braves added a touchdown and PAT in the third quarter to give themselves a 20-6 margin. Matador end Ron Schwab caught a 20 yard pass from Jack Hays for the second Matador 6-pointer. Schwab's touchdown was the only scoring done in the final stanza.

The Miguelers are now 0-2 in league outings and 0-4 for overall clashes and invade Helix Stadium Friday night to face the undefeated Highlanders. Helix routed Monte Vista 28-0 last Friday night.

Charger 'Thieves' Take AFL Record

An alert San Diego Charger defensive secondary, intent on pilfering as many enemy passes as time will allow, has already established a new American Football League record for yardage gained on intercepted passes.

It took Denver 14 games to return 27 interceptions for 417 yards in 1960, but the Chargers have made off with 22 passes good for 419 yards in only six games this season. Buffalo, with 33 interceptions in '60, still cherishes this particular achievement, but the Charger "bandits" have dead air—and eight more games to succeed.

"TURKEY BOWLING" COMPETITION STARTS

A lot of interest is being shown in the Golden Bowl's "Turkey Bowling." From now until Nov. 17 many participants are expected, according to Do De Skedel, bowling instructor. The playoffs will be held Nov. 19 at 12 noon. Sixty prizes will be awarded, among them 25 turkeys. Entrance fee is \$1.25.

Grossmont College Named To Eastern Athletic Conference

Grossmont and Southwestern Colleges will be competing in the Eastern Conference next season in the general realignment announced by Ivan Crookshanks, chairman of the California State Junior College Athletic Committee.

Both two year institutes opened their doors in September and Southwestern is currently competing in the South Central Conference. Grossmont, sharing the Monte Vista High School campus has no intercollegiate athletic program during the first year of operation.

The remaining members of the 10-team circuit include Fullerton, Orange Coast, San Bernardino, Riverside, Mt. San Antonio, Santa Ana, Chaffey, and Citrus.

Former Sweetwater High coach Tom Parker is coaching the Southwestern football team with most of the players coming from the neighboring South Bay communities. Jim Erkenbeck, a San Diego State graduate and former head football coach at El Capitan High School will probably head the Grossmont College charges. Erkenbeck is currently on the physical education staff at the college.
